to end the war

*New York City*

*Dear Sirs:* Many of us are trying to organize anti-Vietnam war activities at the community level. One of the groups which is trying to do this is The New York Committee to End the War in Vietnam. These of your readers who live in New York City and would like to either join this committee or find out more about its activities, should write to: The New York Committee to End the War in Vietnam, 1165 Broadway, New York, N.Y., or call 889-5793. We desperately need new members.
